**Mental Health Awareness Week ...**October 7 - October 13, 2018 Pope Francis has been very open about his mental health treatment received in the 1970s. It's not surprising that our holy Pontiff has the confidence to share his need for support and guidance from a mental health professional. Pope Francis is the world's most sought out Religious leader. His simplicity, humility, and transparency is the model for reducing guilt and stigma that obstruct the graces of God's healing. Please join us in the celebration of Mass as we pray for a united and compassionate community and receive the sacrament of anointing to ease the burdens of stress, grief and loss, depression, and anxiety. **Marriage Minute...**"I love you." These words are so important to share with our spouse on a daily basis! However, as our readings this weekend remind us, these words can ring hollow if not backed up with the actions that convince our unique spouse of our love. To figure out your spouse's "love language," answer the following: • How does he/she attempt to get close when there is distance between you? • In what ways does your spouse excel in showing love to others? • When does your spouse feel most at ease and joyful? • What time does your spouse anticipate the most? • (When in doubt, it's okay to ASK!) Spending our limited time, money and energy on the things that make our spouse feel loved is a very smart way to make those three little words go a long way.
